Specifically, PHI is information about you, including demographic information (i.e., name, address, phone, etc.), that may identify you and relates to your past, present or future physical or mental health condition and related healthcare services.

Our practice is required to follow specific rules on maintaining the confidentiality of your PHI, using your information, and disclosing or sharing this information with other healthcare professionals involved in your care and treatment. This Notice describes your rights to access and control your PHI. It also describes how we follow applicable rules and use and disclose your PHI to provide your treatment, obtain payment for services you receive, manage our healthcare operations and for other purposes that are permitted or required by law.

#### **Your Rights under the Privacy Rule**

Following is a statement of your rights, under the Privacy Rule, in reference to your PHI. Please feel free to discuss any questions with our staff.

We reserve the right to change the terms of our notice, at any time. Upon your request, we will provide you with a revised Notice of Privacy Practices if you call our office and request that a revised copy be sent to you in the mail or ask for one at the time of your next appointment. The Notice will also be posted in a conspicuous location within the practice, and if such is maintained by the practice, on its website.

**You have the right to authorize other use and disclosure** - This means you have the right to authorize any use or disclosure of PHI that is not specified within this notice. For example, we would need your written authorization to use or disclose your PHI for marketing purposes, for most uses or disclosures of psychotherapy notes, or if we intended to sell your PHI. You may revoke an authorization, at any time, in writing, except to the extent that your healthcare provider, or our practice has taken an action in reliance on the use or disclosure indicated in the authorization.

**You have the right to request an alternative means of confidential communication** – This means you have the right to ask us to contact you about medical matters using an alternative method (i.e., email, telephone), and to a destination (i.e., cell phone number, alternative address, etc.) designated by you. You must inform us in writing, using a form provided by our practice, how you wish to be contacted if other than the address/phone number that we have on file. We will follow all reasonable requests.

**You have the right to inspect and copy your PHI** - This means you may inspect, and obtain a copy of your complete health record. If your health record is maintained electronically, you will also have the right to request a copy in electronic format. We have the right to charge a reasonable fee for paper or electronic copies as established by professional, state, or federal guidelines.

**You have the right to request a restriction of your PHI** - This means you may ask us, in writing, not to use or disclose any part of your protected health information for the purposes of treatment, payment or healthcare operations. If we agree to the requested restriction, we will abide by it, except in emergency circumstances when the information is needed for your treatment. In certain cases, we may deny your request for a restriction. Address: Southside Center for Sight  
Attn: Privacy Manager

Greenwood, Indiana 46143  
Phone: 317-215-2833

We will not retaliate against you for filing a complaint.

#### **Financial Policy**

**Insurance.** We participate in most insurance plans, including Medicare. If you are not insured by a plan, payment in full is expected at each visit. If you are insured by a plan that we do business with, but don't have an up-to-date insurance card, payment in full for each visit is required until we can verify your coverage. Knowing your insurance benefits is your responsibility. Please contact your insurance company with any questions you may have regarding your coverage.

**Proof of insurance.** All patients must complete our patient information form before seeing the doctor. We must obtain a copy of your driver's license and current valid insurance to provide proof of insurance. If you fail to provide us with the correct insurance information in a timely manner, you may be responsible for the balance of a claim.

**Co-payments and deductibles.** All co-payments are due at the time of service. If deductible amount is known at the time of service, this amount will be collected as well. This arrangement is part of your contract with your insurance company.

**Non-covered services.** Please be aware that some – and perhaps all – of the services you receive may be noncovered or not considered reasonable or necessary by Medicare or other insurers. You must pay for these services in full at the time of visit.

**Claims submission.** We will submit your claims and assist you in any way we reasonably can to help get your claims paid. Your insurance company may need you to supply certain information directly. It is your responsibility to comply with their request. Please be aware that the balance of your claim is your responsibility whether or not your insurance company pays your claim. Your insurance benefit is a contract between you and your insurance company; we are not party to that contract.

**Coverage changes.** If your insurance changes, please notify us before your next visit so we can make the appropriate changes to help you receive your maximum benefits. If your insurance company does not pay your claim in 45 days, the balance may be billed to you.

**Non-payment.** Payment is due upon receipt of statement. A late fee of \$5.00 will be assessed per month on any outstanding balance. If your account is over 90 days past due, you will receive a letter stating that you have 30 days to pay your account in full. **Partial payments mailed or personally delivered will not be accepted as an automatic payment arrangement.** Please be aware that if a balance remains unpaid, we may refer your account to a collection agency and you, and your immediate family members may be discharged from this practice. If this is to occur, you will be notified by regular and certified mail that you have 30 days to find alternative medical care. During that 30-day period, our physician will only be able to treat you on an emergency basis.

#### **Refraction or Contact Lens Evaluation/Fitting Fees**

Refraction is the process of determining if there is a need for corrective eyeglasses or contact lenses. It is an essential part of an eye examination and necessary to write a prescription for glasses or contact lenses.

A contact lens evaluation or fitting is an examination of the curvature of your eye and is necessary to establish the best power, type and fit of a contact lens for the patient. Most medical insurance plans, including Medicare, do NOT cover routine refractions or routine eye examinations (when no medical eye problem is known or suspected). Medicare allows that we charge separately for the refraction portion of the examination, since it is not a covered service.

Contact lens evaluations and contact lens fittings are not covered services by Medicare or (medical) commercial insurance companies.

- Refraction fee: \$50.00
- Contact Lens Evaluation and Fitting fees: \$25.00 to \$125.00

I have read the above information and understand that the refraction and/or contact evaluation/fitting is a non-covered service. I accept full financial responsibility for the cost of this service. I understand that any co-payment, coinsurance, or deductible I may have for the office visit is separate from and not included in the refraction and/or contact lens evaluation/fitting fee(s). *(Electronic signature will be obtained at the time of visit.)*

If you have any questions regarding the non-covered fees, please do not hesitate to ask our front desk staff.

#### **Eye Dilation**

It may be necessary during the course of your exam to dilate your eyes with drops. The dilating drops may cause blurred vision, light sensitivity and inability to read. These problems go away as the effects of the drops wear off usually between 4 to 6 hours. Please be careful walking, going up and down stairs, and you should not drive a car if the dilation of your eyes causes too much of a blur. In very rare cases, dilation drops may cause elevated eye pressure requiring further treatment.

Due to the blurriness and light sensitivity, you may have a friend or family member drive you to your appointment. Also, for your comfort, you may obtain dark glasses at the reception desk.

I certify that I have read and understand the statement regarding dilation and wish to proceed with the eye examination. *(Electronic signature will be obtained at the time of visit.)*
